AIR CTI—Central Tyre Inflation Systems

Tyre Inflation Systems for all Trucks, Tractors, 4WD's, Trailers, Fertilize Spreaders and On Road/Off Road Vehicles.

Change your Tyre Pressure to:

- *Suit the load, the road, and your needs.
- * Have better ride, better traction, better tyre life.
- * Greater control of braking, steering and speed.
- *Improve fuel economy, safety, scheduling
- * Less vibration, less wheel slip, less axle tramp

Less Compaction, and that means Better Tracks and Crops

Let AIR CTI Work Hard for You.

All these add up to savings, savings in your pocket. We don't want you to work harder, we just want you to work smarter. Also, Savings in Driver turnover, Savings in Time spent maintaining the truck, Savings in time spent on Scheduled jobs. We have environmentally friendly systems that will work for you Week In—Week Out.

Imagine what the weekly savings will do for your cash flow and for your bottom line.

Let us help you to do your job, safely, economically, and on Time, every Time.
