AFCA is calling for Director nominations to the Board

To nominate download a **form** and return completed to office@afca.asn.au no later than 5pm Monday November 23rd.

All nominations will be considered at the AGM

Generally, there are 6 - 8 Board meetings held annually with a mixture of phone conference and face-to-face meetings within forestry regions. Board members are not required to travel to all face-to-face meetings as we have technology to support conferencing.

There is no remuneration associated with AFCA Board Director positions and they are voluntary.

The ForestFit team would like to send a big thank you to everyone who participated in their survey.

With over 120 businesses contributing, the valuable inputs will ensure the ForestFit training and certification program is developed to best support forest contractor businesses. Results of the analysis will be available soon and communicated through The LOG.

We are excited to announce the following winners:

Brunt's Harvesting, Victoria

Masondale Pty Ltd, Queensland

Pelz Haulage, Victoria

Scholarships of up to \$5,000 for current and aspiring female leaders

Scholarships of \$1,000 to \$5,000 are currently available to women working in the forestry and resources sector to help support their participation in a range of career building leadership development programs.

The initiative is providing junior through to executive women managers with scholarships to support their growth and development via participation in one of three flagship courses.
